MEMORANDUM

TO: All Insurance Carriers, Self-Insured Employers,
Group Self-Insureds, Regulated Facilities and
Medical Bill Vendors

FROM: _____
William P. Emrick, Executive Director
Office of Workers' Claims

DATE: March 9, 2005

SUBJECT: 803 KAR 25:091 (Hospital Fee Schedule)

Pursuant to authority granted the Executive Director by 803 KAR 25:091, a schedule of fees for reimbursement for medical services provided by hospitals was developed. This regulation requires the Department of Workers' Claims to calculate each hospital's adjusted cost-to-charge ratio each calendar year. Enclosed is a copy of the revised master list of adjusted cost-to-charge ratios for facilities governed by the hospital fee schedule. The revision applies to all hospital bills submitted for services rendered on or after **April 1, 2005**. The revision includes a twelve percent (12%) return to equity add on and appropriate adjustment for disproportionate share providers as defined by 803 KAR 25:091, Section 3. No additional adjustments should be made to the enclosed list of cost-to-charge ratios. The figure set forth beside each facility's name represents the ratio to be used to adjust the hospital billing pursuant to 803 KAR 25:091.

To apply the hospital fee schedule, the UB-92 billing form should be reviewed to ensure that all the charges arise from treatment of a compensable injury and reflect the usual and customary charges for the services performed by the facility. Once that has been done, the amount billed is multiplied by the facility's adjusted cost-to-charge ratio. This yields the amount due from the carrier or self-insured employer.

If you have any questions or concerns, please contact Shari LaFoe (502)564-5550, Ext. 4487.
